**The Prentice School District encourages you to reach out to your representatives to advocate for changes to the statewide school funding formula. Specifically, we need to address the state revenue limit for school districts, ensure equitable per-pupil funding, and fully support special education, among other important issues. If you'd like additional context before contacting your representative, please feel free to get in touch with Keith, District Administrator at 715-428-2811 or your board representative.*
